

# VOICES 4 CARE

Improving the Palliative Care Experience

---

## Use Your Voice to help improve Palliative Care

Would you like to use your voice to help those living with a life limiting condition and help to influence developments in palliative care across the island of Ireland?

**If your answer is yes, we would like to hear from you**

All Ireland Institute of Hospice and Palliative Care (AIHPC) is a collaborative of 27 organisations and it advances education, research, policy and practice to improve palliative care. Palliative care focuses on helping a person with a life limiting illness to live well for as long as possible.

AIHPC established Voices4Care in 2013 to capture and learn from personal experiences, to help inform our work and influence palliative care. Voices-4Care members are:

- People with a life limiting illness / palliative care needs
- Carers or former carers of people with palliative care needs
- Citizens with an interest in palliative care.

*“This is a golden opportunity to use your voice to make palliative care better for the next person - someday it could be you or one of your loved ones”*

**Voices4Care Member**

Joining Voices4Care will give you the chance to be part of meaningful experiences to influence and shape palliative care, through a range of opportunities:

- Engagement with AIIHPC and our 27 partners across the island of Ireland
- Involvement in palliative care programmes in Northern Ireland and the Republic of Ireland including consultations
- Participation in palliative care research
- Raising awareness of palliative care including supporting the annual Palliative Care Week in September.

**Applications open on Monday 28 March and will close on Monday 9 May 2022. \*Applicants must be 18 years or over at the time of application.**
