Palliative care: It's Not What You Think

This event is a collaboration of the RCN Northern Ireland **Palliative Care and Community Nursing Networks**

This special palliative care week event is dedicated to all nursing staff who provide compassionate palliative and end of life care.

Join us for an inspiring session exploring the realities of palliative care and its role in enhancing quality of life, supporting meaningful conversations, and enabling future planning. Gain practical insights, reflect on the clinical and emotional aspects of care, and connect with colleagues who share a commitment to making a difference.

Be inspired as we celebrate the compassion, courage and extraordinary impact nursing makes every single day in palliative and end of life care.

This event welcomes all nursing staff and students including RCN members and non-members.
